

ADOPT PRE-WAR TRAIN SCHEDULE

Is Message From Citizens of Gettysburg to Reading Railroad Officials.

OPEN MEETING TUESDAY

District Passenger Agent, His Assistant, And Train Master Procured Sentiment of Local Residents.

"Mr. President, I move you that we recommend to the Philadelphia and Reading Railroad officials that the pre-war schedule be adopted on the Gettysburg and Harrisburg division."

This motion made by George C. Fissel, secretary of the local Chamber of Commerce, and seconded by George W. Lynch, was unanimously passed at an open meeting here Tuesday night with three officials of the Reading system.

M. L. Mauger district passenger agent; N. T. Heisey, train master; and Eric Fegley, assistant to Mr. Mauger came to Gettysburg Tuesday night to secure the sentiment of people here regarding their road. Their visit was the outcome of an article appearing in The Times several weeks ago in which the Chamber of Commerce criticized the system for the daylight saving schedule. C. H. Ewing, vice president of the Reading, then instructed the trio to take a trip to Gettysburg and talk things over with the citizens.

During the meeting a most friendly feeling existed between the twenty five Gettysburg business men and the railroad representatives. That the people not only here but all along the line do not care nearly as much about the revised schedule due to daylight saving as they care about an extra train and reversion to the pre-war schedule was the unanimous opinion.

"Give us an extra train," said

CARDINAL COMING HERE NEXT WEEK

Cardinal Dennis Dougherty, of Philadelphia, Will Establish Precedent in Gettysburg.

Cardinal Dennis Dougherty, of Philadelphia, will arrive in Gettysburg Monday afternoon and read mass in St. Francis Xavier Church Tuesday morning.

This word was received today by Father Mark Stock, pastor of St. Francis Xavier Church. Cardinal Dougherty was originally scheduled to read mass here Thursday morning. Conflict with other dates, however, caused the change to be made. Cardinal Dougherty is the archbishop who this year went to Rome and received the red cap from Pope Benedict. He was accompanied to the dock by thousands of people and greeted by many more thousands upon his arrival in this country from Rome.

So far as is known he will be the first cardinal in the history of St. Francis Xavier Church to read mass here. Cardinal Gibbons passed through Gettysburg during his lifetime but never took part in any service held in the local Catholic church. Cardinal Dougherty will arrive here from Philadelphia and during his stay will take a trip over the battlefield. On Tuesday he will return to the city.

TWO HURT IN CRASH

Chambersburg Woman Painfully Cut And Bruised Tuesday Night.

In rounding the sharp curve on the State road midway between Mont Alto and the sanatorium Tuesday night, Homer Mowers, of South Bend, Indiana, ran his car into an abutment of the bridge that spans the gulch. The car was wrecked and two of the occupants, Mrs. Mowers, wife of the driver, and Mrs. James A. Van Deran, of Chambersburg, were severely injured. Mrs. Mowers was hurled through the front door and a section of flesh 12 inches long and four inches wide was torn from her left leg above the knee. She received other painful cuts and bruises and was rendered unconscious.

Mrs. Van Deran was catapulted from the rear seat over on to the front seat. Her left knee cap was torn loose, two bones below the knee fractured, both bones in her left forearm broken and a deep gash cut above her right eye.

A small boy, Franklin Ludwig, of Lemoyne, was pitched out of a side door but not badly hurt. Mowers, owner and driver of the car, was the only one unhurt. The injured were given surgical treatment by Dr. Brosins of Mont Alto and Dr. Gross of the Sanatorium and then conveyed to Chambersburg Hospital.

DISPUTE TITLE TO TUNNEL

Boston Railway Plans to Rent Unused Tunnel for Storage.

(By Associated Press) Boston, July 6—Property rights in a hole in the ground under Winter street in the center of Boston's retail shopping district are in dispute between the city and the Boston Elevated Railway Company. The hole is an underground passage the existence of which the dispute has made known for the first time to thousands of persons who travel daily through the tunnels, subways and sub-subways in the city. It was built some years ago and runs the whole length of Winter street lying between the roof of the Cambridge-South Boston tunnel and the street surface. It has never been used.

Attention has recently been called to it through a petition of the Railway Company for sanction of a plan to rent the space to abutting stores for storage use. The company contends that inasmuch as it holds a lease of the Cambridge-South Boston tunnel, it has a property right in the dark void above. City officials assert that the passage is not a part of the tunnel and that if any income is to be had from it the city is entitled to it.

HELD ON INTENT TO KILL CHARGE

Interesting Hearing Held Before Justice Hill in County Jail.

ALL TELL THEIR STORIES

Practically Proven That Norman Poper Fired Shot. Defendant Changed Story Frequently.

The trial of Norman Poper, 68 Railroad street, was held at seven o'clock Tuesday evening before Justice of the Peace J. L. Hill at the Adams county jail. Poper who is charged with assault with intent to kill, is alleged to have shot at Jess Finnegan and Harry Smith, also boarders at Mrs. Ida Foutz's residence on the afternoon of July 4. He pleaded not guilty to the charge. He was held for court in \$500 bail.

The story as agreed on in the main details by the several witnesses was that Poper, coming home unexpectedly from work at 1 o'clock, found that Mrs. Foutz, to whom he has been rather attentive, had gone out for an automobile ride in a party consisting of Mrs. Foutz, Harry Smith, William Koontz, Mary Hansford, Jess Finnegan and Blanche Golden, and the driver, Charles Weikert. Poper admits that he then began drinking from a gallon jug of dandelion wine that had been nursing along for the past two months. He stayed upstairs drinking all afternoon, and according to the testimony of George Woodward became very drunk. The witness when pressed for details said that Poper was so drunk he became ill while upstairs. He heard the accused moving around upstairs from time to time and said he heard him muttering angrily, saying over and over that "He'd fix 'em ail, when they got back." For this reason Woodward stated that he warned Mrs. Foutz and Harry Smith, who was her partner of the afternoon when they returned that they had better look out for Poper.

Poper came down stairs to meet the returned joy-riders and spoke only to Mrs. Foutz. According to the testimony of the latter he only said, "Where have you been?"

She replied, "Out with the bunch." And he said, "All right," and went upstairs. But William Koontz, who was standing near the pair when they were talking said that Poper, when he went upstairs after Mrs. Foutz told him she had been "out with the bunch," said, "All right, I'll fix you for that."

All the witnesses were agreed that all of the lodgers were accounted for downstairs and that no one was known to have been upstairs but Poper.

Someone then came downstairs and poked a doublebarreled shotgun through the crack of the door. Smith and Finnegan held the door and Finnegan seized the end of the barrel but it was wrenched from his hand. Finnegan and Smith then held the door, and in a minute or so a charge of shot crashed through the panel of the door beside their heads and smashed a mirror on the opposite wall. Finnegan and Smith then left, precipitately, to summon the State Police. Mrs. Foutz deserted the scene as soon as the shot was fired. Although only twenty feet away from the stairway door, she said she did not know a shot had been fired but she left because she imagined something unpleasant might occur.

When Sergeant Santee arrived with his men he found Poper downstairs, and he submitted without resistance. The gun which Mrs. Foutz's little girl found hidden behind the sideboard

SHOOTSELF TO AVOID DISGRACE

Girl Wife Arrested in Norfolk Hotel by Purity Officer.

PAWNS JEWELS FOR BAIL

Her Companion Seeks to Cast Blame On Her And is Rebuked by The Judge.

Norfolk, Va., July 6—Heartbroken because she was arrested while in company with LeRoy C. Ward, Mrs. E. P. Powell, of Craddock, a residential suburb of Portsmouth, ended her life with a bullet after she had reached her home.

She left to go shopping and when she did not return in a reasonable time, her mother and father and husband went to Norfolk to search for her. Mrs. Powell returned home while her people were seeking her. A few minutes later neighbors heard the report of a pistol. They rushed in and found the young woman lying on the floor with a bullet hole in her right temple and a pistol in her hand. She died in an ambulance while being rushed to a hospital.

Arrested By "Purity" Officer
Mrs. Powell and Ward had been arrested by Sergeant M. D. Moore, head of the "social purity" squad of Norfolk. The couple were found in a Norfolk hotel, according to Moore, and were arrested on a statutory charge. Mrs. Powell did not have enough money to secure her release on bail and gave her diamond ring and other jewelry to Ward, who pawned them to secure the required cash.

In the police court Ward attempted to blame the woman for the whole affair and received a severe reprimand from Judge Wilcox.

"Young man," said the judge, "you have a terrible thing to answer for. It is just like your kind to blame a dead woman for affairs of this nature." Ward was fined \$25.

The arrest of Mrs. Powell caused considerable excitement among her death became known. She came from a good family and it was believed that had she not been publicly disgraced she would not have taken her life.

Nothing Wrong, Ward Says
Ward declared there was nothing wrong between himself and the young woman. He said he met her on the ferryboat coming from Portsmouth and they went to the hotel, where they were arrested by Moore. Mrs. Powell was only 17 years old. She had been married about a year. Her husband said they were just planning to build themselves a home of their own.

Ward, who is employed by a big department store in Portsmouth, left the city the day of the trial. He is married and has one child.

HELD ON INTENT TO KILL CHARGE

(Continued from First)

was seized by Sergeant Santee, but who hid it there remains a mystery.

Poper's own story of the affair has changed hourly. At first he insisted he was too drunk to know what was going on, but now shows a remarkable memory for details. He now claims that when Finnegan and Smith held the door he was pushed back against the wall and the gun accidentally discharged. After the trial he asked whether the case looked very bad against him and was told that assault with intent to kill was rather a serious matter. He then remarked that he thought of pleading guilty to the charge of assault with intent to "sneak".

The testimony of Mrs. Ida Foutz did not throw a great deal of light on the case. She gave her home 68 Railroad street and said that she had had six lodgers.

The fact that Poper was heard to make threats and in the hearing of Sergeant Santee threatened "to get Smith if it takes me 25 years" makes the case a bad one against him.

FIGHT WOMEN JURORS

With ten women among the new venire of one hundred ordered to appear in Judge Maurice Bernon court at Cleveland on Tuesday, attorneys for Mrs. Eva Catherine Kaber were prepared to continue their fight to prevent women from sitting on the jury which will try Mrs. Kaber on a charge of plotting the murder of her invalid husband, Daniel F. Kaber, two years ago.

The trial was resumed Tuesday after a five-day recess taken last Wednesday when the original venire was exhausted and counsel for the defense insisted upon the three days' grace to which they were entitled under the Ohio statutes to examine the new talesmen. Four women and five men had been tentatively accepted as jurors.

DETERMINED TO ARREST SOMEBODY

Crafts Still Wants Edwards Impached For Dempsey-Carpentier Bout.

Jersey City, N. J., July 6—Somebody is going to be arrested on account of the Dempsey-Carpentier bout, Dr. Wilbur F. Crafts, superintendent of the International Reform Bureau, said yesterday after a conference with officials of the organization. He would not say who it would be, but declared a test case would be brought before the end of the week to determine whether the bout was illegal.

He reaffirmed previous announcements that he would seek the impeachment of Governor Edwards and other State officials who witnessed the fight. He said he would charge the Governor with malfeasance of office and with attending a law-breaking exhibition after being warned by the reformers. He was silent as to his method of procedure.

He proclaimed that he was on the warpath to give prize fights a knock-out blow, and said he would attempt to repeal the State boxing law. He also said he would try to stop any other matches in the arena at "Boyle's Thirty Acres."

Counsel for the International Reform Bureau this afternoon demanded of John Milton, court for Tex Rickard, that Jack Dempsey be produced in Court here today. It was planned to prefer a charge of assault if Dempsey should appear.

Dr. Crafts announced that the bureau was planning a crusade against the exhibition of motion pictures of the fight anywhere in the world. He said letters would be sent to every Mayor in the State and that the bureau hoped thus materially to curtail the exhibitions.

LEADERS WILL NOT TAKE CUT

Railroad Union Representatives Will Submit Award to Ballot.

SEPTEMBER FIRST DATE

Ballot When Submitted to Referendum Shall Contain Unbiased Recital of All Involved, Says Resolution.

Chicago, July 6—The members of sixteen railroad labor organizations, including the Big Four Brotherhoods, will decide through a referendum vote by September 1 whether to accept or reject the 12 per cent wage reduction that went into effect on railroads throughout the country July 1, it was decided last night by the chief executives and 1,500 general chairmen of the organizations.

The general chairman decided that they could not assume responsibility for the wage reduction that was ordered by the Railroad Labor Board.

E. H. Fitzgerald, president of the Brotherhood of Railway and Steamship Clerks, Freight Handlers, Express and Station Employees, said that "nothing can be expected of the railroad employees interested in the decision of the Labor Board except to resist to the fullest extent the reduction of rates of pay and the proposed abrogation of certain favorable working conditions."

Parley Is Proposed

The chairmen adopted resolutions declaring that not later than September 1 the matter should "be referred to the membership through the various general committees for acceptance or rejection." They also authorized their chief executives to make arrangements, if possible, to meet a committee of railway executives to be selected to meet a subcommittee of the five organizations "to consider and, if possible, adjust all matters in controversy."

The chief executives and committees handling these matters were directed in the resolution "to clearly place representatives of the railway corporation on record as to whether or not they will request further decreases in rates or compensation, the abolition of schedule rules or regulations, or the elimination of time-and-one-half for overtime."

The resolution further stated that the ballot when submitted to the men shall contain an impartial and unbiased recital of all that is involved and the "wishes of the men, as expressed by ballot, shall determine the matter, in accordance with the laws of the organizations."

Says Roads Are Revising Rules

The resolution said that the general chairmen were "requested not only to consider a wage reduction, but in many instances railroad officers have served notice of their intention to abolish time and one-half for overtime in road freight and yard service, and in addition thereto revise schedules for the benefit of the railroads by abolishing many rules and conditions, which in the aggregate mean the loss of much money and the creation of less favorable conditions for the various classes of employees."

"Much uneasiness and unrest exists," the resolution continued, "which cause deep concern and add to the seriousness of the situation, and establish a condition of affairs which makes it partially impossible for the general chairman to take the responsibility of deciding these important questions, for the reason that we hold that no reduction in wages of the various classes is justifiable."

MODEST HERO SAVES WOMAN

Braved Dangers of Niagara Falls. Will Not Tell Name.

Niagara Falls, July 6—One woman was overcome with heat yesterday and tumbled into the Niagara River a short distance above the American falls, and another, fainting from excitement, followed her. Both were rescued.

The first woman, Mrs. Joseph Raines, of this city, was seated in the State reservation, on a ledge near the water's edge, with a woman companion. Persons resting near the Goat Island bridge saw Mrs. Raines and then another woman slip into the river and sounded the alarm.

Several men responded and fished Mrs. Raines' companion out of the water before going after her. Meanwhile, Mrs. Raines had been carried 15 feet from shore and was being borne along toward the falls when a man, who later refused to give his name, seized a rope and waded out after her.

Edward Hager, of Wrightsville, N. J., had obtained a rope from his automobile. The unidentified hero, taking one end, ran along the shore, passing the woman as she was being carried down stream.

He moved out directly from shore, with the other end of the rope held by George Healey, of this city. Then he seized the woman when she reached him and towed her to shore.

Dr. Fred Blunker, of Columbus, O., standing with other sightseers, gave first-aid treatment to the two women.

ADOPT PRE-WAR TRAIN SCHEDULE

(Continued from First Page)

Charles B. Daugherty, president of the Town Council, "That's what we want and that's what the people in Biglerville, Bendersville and the other towns along the line want."

If the Philadelphia and Reading officials agree to abide by the wishes of Adams county people this schedule would go into effect:

Leave Gettysburg 5.55 a. m.; arrive Gettysburg 9.10 a. m.; leave Gettysburg 11 a. m.; arrive Gettysburg 1.55 p. m.; leave Gettysburg 4 p. m.; arrive Gettysburg 9.05 p. m.

When President Allan B. Plank, of the Chamber of Commerce, said "All those in favor of the motion of Mr. Fissel answer by saying 'Aye'", the assembled persons responded in a chorus which vividly demonstrated their sentiment.

Mr. Mauger made no promises as to whether or not the higher Reading officials would adopt the pre-war schedule. He said that he, Mr. Heisey and Mr. Fegley had been sent to Gettysburg to learn the wishes of the people and that he was certain they had accomplished their mission. Their report will be sent in the near future to the men higher up who will determine whether or not to put on an extra train and revert to the desired schedule.

No action was taken on the freight situation but it may be discussed later.

During the meeting the proposed bus line of David J. Forney was not brought up. Mr. Mauger was asked, however, why the Reading system was fighting the proposed line which would be a benefit to the people of this community. "It is the policy of the road to object to the granting of charters to all bus lines in its territory," he said.

Mr. Heisey gave an interesting talk on the change of labor conditions on the Reading road, and telling how and why the expenses were so much higher now than several years ago.

MAY A YOUNG GIRL CHOOSE HER LIFE?

Court Will Answer Question For
Edith Hallor, of
"Follies."

Has a young woman of 18, whose beauty, talent and hard work have brought success upon the stage, the right to order her own life as she chooses?

Or must she live as her mother decides—even when, as she asserts, she has been her mother's chief means of support for seven years?

This question right now is the most important of all questions to charming Miss Ethel Hallor, late of the Ziegfeld "Follies", and also to her mother, Mrs. Annie Hallor, of 407 West One Hundred and Forty-seventh street, New York City.

A legal answer will be given to it by Magistrate Silberman in the Essex Market Court next Wednesday. The magistrate issued a summons on Saturday, sworn to by the mother, charging the daughter with disorderly conduct. It directed Miss Hallor to be in court at 9 o'clock on Wednesday.

Among other items, the mother considers that the daughter smokes too many cigarettes, associates with the wrong sort of persons and should not be living in an apartment hotel at 7 Fifth avenue.

Said Miss Hallor, who is tall and blue of eye and who wears her wavy blonde hair bobbed:

"I will be in court, all right. My father, who lives in Washington, where he is a detective in the police department; Mr. and Mrs. Eagan, and many friends, among whom I hope, will be Mr. Ziegfeld himself, will be there, too, to help me.

"I expect to show that when I tried to live at home my mother told me to leave and not come back.

"When she asked me to leave the apartment uptown, in which I had paid for the furniture and for which I had paid the rent, I nearly cried my eyes out. I love my mother.

"When I heard that she was planning to bring this action—to drag me and our troubles into court—I couldn't help crying. It made me feel terrible. Now it is up to the Court."

SUMMER POULTRY MEETINGS

The Adams County Farm Bureau, in co-operation with the Poultry Extension Department of the Pennsylvania State College, will hold a series of Poultry Selection Meetings this summer to demonstrate the common methods of determining whether a hen is laying or not and whether or not she has been a profitable asset to the farm flock.

County Agent Paul Hoffman is planning these meetings so as to reach as many people as possible. To know how to detect the boarder in the poultry flock, farmers and poultrymen should attend one of these meetings, he says. Everyone will be given an opportunity to handle a number of birds, thus securing actual experience and real knowledge of the principles of selection under the direction of P. L. Sanford, Poultry Specialist from the Pennsylvania State College.

Proper culling of the farm flock will keep the egg production to 50 per cent or better during the summer months. With the price of eggs so low, no one can afford to feed hens that are not producing, asserts Agent Hoffman.

COMMUNITY FOURTH

Yorkers were treated to the unusual in the first community Fourth of July celebration, held Monday evening at the Fair grounds. Approximately 15,000 people witnessed the patriotic pageant and fireworks display inside the enclosed space. Athletic events were held in the afternoon.

Community celebrations of this nature are an innovation to York, but this in no way deterred the promoters from acting on an extensive scale.

Novel in every respect were the Indian wars period portrayed by representatives of York tribes of Red Men and the Westward Ho period presented by Mahlon N. Haines, shoe man here. In the latter scene a Conestoga wagon brought from Lancaster for this historic review, was attacked by mounted, whooping Indians. Blank cartridges used and screams of the wounded in the combat gave it a savor of real battle. Children who witnessed this feature gave vent to their feelings in yells and howls. For excitement, the sham battle held a candle to all other events.

'TWIXT THE CUP AND THE LIP

FOUR FESTIVALS

Legion Carnival at New Oxford Attracted Greatest Crowd.

The one day carnival of the George Snyder American Legion post of New Oxford proved a great attraction to the people of the lower end of the county on Saturday.

Dancing from one o'clock in the afternoon until midnight, a minstrel show, fortune telling, a chicken supper and sales of many kinds drew a crowd estimated at about three thousand persons. The gross receipts of the day were believed to have been in the neighborhood of \$800. After the expenses have been deducted the Legion men will put the remainder in their treasury.

At Biglerville a festival held by the Fire Company of that town on South Main street Monday also drew a large crowd. There the gross receipts for the day were \$401.37.

About five hundred persons attended the Saturday night festival of St. John's Reformed Church on the church lawn in McKnightstown. The gross receipts there amounted to \$120.

Thirty six dollars was the total amount taken in at the Methodist Episcopal festival in Hunterstown Saturday night.

TWO RATS BATTLE

Northumberland County Courthouse Attache Saw Novel Fight.

Two large rats, each fully a foot long, fought a battle to the death recently in Sunbury, according to Newton G. Renn, a Northumberland county courthouse attache.

Renn says he saw the two rodents run at each other and begin a furious battle. So intent were they that they did not see his approach to within three feet. Finally the larger got a throat grip but released it when he saw Renn and scampered away.

Later the rat came back and again attacked the body of its adversary. Renn got a gun and killed it.

McSHERRYSTOWN HONORED

McSherrystown received quite an honor last week when it had two of its sons, Roy Keffer and W. Bryan Weaver, at the National Inter-Collegiate Tennis Tournament, held at the Merion Cricket Club, Haverford. The two young men represented St. Vincent College in singles and doubles.

"Fritz" Bastian, the champion of Indiana, and the holder of several college trophies in the Middle West defeated Mr. Keffer 6-3 and 6-1.

McLoughlin, the Columbia University star, had some trouble in defeating Mr. Weaver in the first set of the match. After losing the first five games Weaver rallied, and by a number of placement shots took the next four games, but lost the set 6-2. McLoughlin took the second set 6-2.

The McSherrystown boys had a harder time in doubles, their opponents being Granger and Drumwright, of Texas University. Last year this

Texas combination was in the finals, and this year they reached the semifinals.

Drumwright is the single college champion of the South. The Texans won the match 6-0 and 6-2. Although the McSherrystown boys were defeated they played splendidly. They are the first men from this section of the state to take part in a National Inter-Collegiate Tennis match.

"You state in the first paragraph of your story that this was the most sensational robbery we've ever had here," said the city editor. "Well, wasn't it?" asked the new reporter. "Certainly not. Why, our banks have been robbed by some of the most noted crooks in the country."—Pittsburgh Chronicle-Telegraph.

DROVE WHILE DRUNK

Alvey R. Shipley, 21 years old, was arrested Monday night at Waynesboro, by Chief of Police Hawley and Lieutenant Franklin, of that place, on charges of driving an automobile while under the influence of liquor and being in possession of a stolen car.

According to the Waynesboro authorities, Shipley made off with an automobile from Pen Mar Park and drove it to the outskirts of Waynesboro. He is said to have been intoxicated at the time and on nearing Waynesboro lost control of the machine which crashed into a fence at the side of the road.

The car was badly damaged and Shipley narrowly escaped serious injury. Chief Hawley and Lieutenant Franklin were notified of the affair and went to the scene. They found Shipley extricating himself from the wreckage and placed him under arrest on charges of being intoxicated.

CLYDE PLANK BUMPED

The ineffective pitching of Plank, who was touched for fourteen hits by Chambersburg, coupled with poor fielding, lost Waynesboro a miserable game Tuesday, 16 to 6. The game was called in the first half of the eighth inning. The only feature of the game was a double play in the first, Mullen to Staylor.

ULM CHECKS MARTINSBURG

Hagerstown won from Martinsburg, 7 to 4, in a game featured by the fielding of Layne, Black, and Quandel and the hitting of Hurley, Dysert and Lloyd. Ulm pitched fine ball until the seventh when he was relieved by Verecker, who held Martinsburg scoreless the remainder of the game.

Frederick's winning streak was halted Tuesday by Hanover by the score of 16 to 1, in a game marked by heavy hitting.

FIGHT THRILLED GETTYSBURG FANS

Jack Dempsey, Tiger of the Ring, in Class by Himself.

Well it's all over now. Like a phantom ship at anchor in an isolated harbor the vast arena in Jersey City stands deserted.

There but four short days ago ninety thousand human beings sat in a solid mass to watch Jack Dempsey, that terrible Utah Mauler, defend his title against the onrushes of Georges Carpentier, the chivalrous fighter from France. It was a wonderful spectacle to see that vast audience banked upon tier after tier of wooden seats. Seats that had been erected in six weeks time at an expense of \$250,000. All that planning, all that work, all that training and all that audience to see two men box for eleven out of 50 and H. C. Mittinger third

minutes. But it was worth it all. We four fans who were fortunate enough to represent Adams county at the greatest fight in the history of boxing were seated three hundred feet from the ringside. Owing to the grade of seats, however, we could see perfectly.

The fight, blow by blow, has been told many times. It is useless to repeat it in detail. Just a word about that thrilling second round, however. Many sporting writers say that Dempsey was in a bad way. Some even assert that Carpentier missed a chance for a knock out by failing to follow his advantage. The Gettysburg delegation disagrees. For about two minutes of that second round Carpentier had a decided advantage. He landed some beautiful blows. But as to his chances for a knock out. No. He had none then. Dempsey was not in distress despite the words of some over enthusiastic scribes.

Now since the question of superiority between the two is settled Dempsey like the ancient Alexander the Great sighs for more worlds to conquer. In the opinion of the writer there is not a man in the world who can stay twelve rounds with the Dempsey who fought in Jersey City. No human being no matter how thoroughly trained, no matter how agile can stay away from the swift footed Tiger of the Ring and stand the punishment inflicted by those terrible six inch jolts. Dempsey is monarch and should remain so until passing years take away the power of those mighty arms.

As for Georges Carpentier he enjoys the remarkable distinction of being as popular after as before defeat. No sportsman could help but admire the wonderful Frenchman who fought gamely but vainly against a better man. He was a great light heavyweight battling the king of full fledged heavies. Georges deserves all the publicity which has been given him and has the best wishes of those ninety thousand spectators for better success against men in his own class.

BENDERSVILLE WINS

Beat Steelton Team Monday Before Big Crowd.

Bendersville trounced Steelton, 8 to 1, before a crowd of five hundred persons at Bendersville Monday afternoon. Features of the game were the hitting of M. Knouse, with a double and two singles, and C. Stover, with two doubles and a single. Raffensperger at first base played a consistent game, handling 14 chances without a slip.
The batteries were Bream and G. Knouse for Bendersville and Louder and Hildebrand for Steelton. Bream fanned 9 and Louder 7.

GILL HAS BROKEN JAW

His Bout With Loughlin Was A Fizzle.

Johnny Gill, the prize York middle-weight, will be out of the game for six weeks as the result of a broken left jaw sustained in his fight with K. O. Loughlin on Monday. The fight, according to a Harrisburg scribe, was a frost. Gill got out of a sick bed to keep his engagement with Loughlin who stalled most of the time. Loughlin was an easy winner.

GARAGEMEN WON

The Gettysburg Garagemen defeated the Furniture Factory on the Playground diamond Tuesday evening, 3-1.

Batteries: Cromer and Bill Hartzell for the Garagemen; Kleinfelter and Howard Hartzell for the Furniture Factory.

ANY SUIT SUITS HIM

Girls Can Wear Any Bathing Garb They Desire.

Virginia Beach, one of the most exclusive bathing resorts on the Atlantic Coast, has an up-to-date mayor. His name is Drinkwater. He is not a reformer and he does not believe in compelling fair bathers to wear hoop-skirts of "Mother Hubbard" gowns when they take a plunge in the surf. He says he will not put any ban on female bathers nor will he model a bathing suit for them. "Let their conscience be their guide," is his motto.
"I am not going to bar women bathers from the Atlantic ocean at Virginia Beach, regardless of what they wear. They must be the judge of their own bathing suits. Let their conscience be their guide. If they think the costume they wear is proper, it will suit me all right."

"No matter where they live there's a nearby U. S. Dealer with his nearby U. S. Factory Branch"

Who says that "bargain" tires are what the people want

MOST everybody knows the easy-going sort of man who never takes a tire seriously until he gets a blow-out.

How long he will resist universal tire education is a question.

But this is sure—

More people are finding out every day that between leaving things to luck and getting **real economy** there is a big difference.

Many a car-owner has come to U. S. Tires because he couldn't afford to keep on **paying** that difference.

Probably seven out of ten users of U. S. Tires came to them only after they'd had enough of "discounts", "bargain offers", "clearance sales of surplus stocks" and other similar appeals.

They have found **economy**—and they stick to it.

They pay a **net price**—not "something off list" that may not mean anything in the first place.

They get **fresh, live tires, being made and shipped** while this message is being written.

No matter where they live there's a nearby U. S. Dealer with his nearby U. S. Factory Branch.

U. S. Tires keep **moving**.

No opportunity to get old and dried out. No shifting here and there trying to find a market.

Every U. S. Tire a **good** tire, wherever you find it anywhere in the country.

Because the U. S. policy is a **good** policy that serves the car-owner all the time.

Doing the very best for him that human good faith can do.

Relieved for Altoona Lady—External Treatment Used.

Note: It would be illegal to publish these statements if they were not true. Mrs. Ellen Irwin, 2917 Broad Ave., Altoona, Pa., says in her own home paper, the Times-Tribune: "Sorbol Quadruple has relieved my goitre of 25 years. It was both inward and outward. It is gone on one side and can scarcely see it on the other. I could not rest at night. I had to prop my head up high. I had a smothering in my throat. When I would stoop over to carry anything heavy, it seemed to pull on my neck. At times I was short of breath and very nervous. This has all been relieved. I will be glad to answer any inquiry."

Sorbol Quadruple comes in small bottles containing enough for most cases. It will not stain or irritate. Does not interfere with regular work. Leaves parts in healthful, normal condition. Requires 10 minutes daily.

It is positively the season's best picture, in that it contains all the elements that go to make an audience sit up and take notice.

Do you prefer
a "heavy" oil?

When buying "heavy" oil you naturally expect it to remain "heavy" under the operating conditions of the motor. Ask definitely for

Atlantic Heavy

and you'll get a firm-bodied oil that can be relied on to keep the bearing surfaces apart under the severest pressure and the pistons sealed in the hottest-running motor.

Atlantic Heavy is refined with great care and precision. It is a filtered oil, remarkably free from carbon- and sediment-forming elements. Atlantic Heavy won't thin down materially under heat—its character is not appreciably changed in use, as is the case with inferior oils which appear "heavy" only at atmospheric temperature.

Search the entire motor oil market and you'll not find another oil more dependably "heavy" than Atlantic Heavy.

FARM CALENDAR

Farm Practice—Thrash grain as soon as possible after harvesting because the Angoumois grain moth works in the field as well as in the stored grain. Early thrashing and subsequent fumigation with carbon bisulphide, one pound to 100 bushels, will reduce the annual outbreaks.

Grasshoppers—The western states are being invaded by grasshoppers, which is an indication that they may become harmful in Pennsylvania. At the first indication of their coming in serious numbers, a poison bait should be used, as it is more effective against the immature insect. Make a liquid mixture of two quarts of cheap molasses, six oranges or lemons (pulp, rind and juice) and three and one-half gallons of water. Make a dry mixture of twenty pounds of bran with one pound of paris green or white arsenic. Combine the two mixtures, working until a fairly moist mass results, but not too wet. Scatter in grass land in the cool of the evening. This amount will do for three acres.

Garden—A mulch of straw rotten manure not very rich in plant food, will help tomatoes and peppers growing on land inclined to be too dry.

Poultry—Do not change the rations

fed to hens; it will cause a check in egg production and is likely to throw the hens into a molt. Culling is of little value unless the hens are properly fed through the summer months.

Potato Disease—Learn to know the various potato diseases that are not controlled by Bordeaux spraying, and destroy the diseased plants in your field. Surprising results have been obtained from this practice.

LESS LATIN AND GREEK

Should Pay More Attention To Practical Problems.

Institutions of higher education are placing too much emphasis upon Latin and Greek and not enough "on the industrial problems which the students will have to face after leaving school," Albert Bushnell Hart, professor of government at Harvard University told delegates to the National Education Association convention in session at Des Moines.

He declared that all foreign language schools should be abolished and that foreigners should be admitted to the United States only upon the condition that they agree to learn the English language within three years. He favored deporting those who failed to learn the language in the required time.
